## About Us

**RASHTRIYA CHEMICAL & HERBAL PEST SERVICE**” is not the first Pest Control Company in India but we are the first to bring Indians the best in domestic & commercial Pest Control Services. We don't wish to be known as just another pest control company. Our aim is to be recognized as people who deliver complete customer satisfaction. To continuously better ourselves, we have a team of professionals. These experts guide and supervise our trained technicians to provide standard Pest Control Service in India. **RASHTRIYA CHEMICAL** believes that effective, responsible pest elimination should be less dependent upon Chemical pesticides & more reliant upon techniques such as exclusion, traps & surveillance. This blend of non-chemical tactics and localized use of pesticides is called as Integrated Pest Control. **RASHTRIYA CHEMICAL** does not wish to rely only on Repeated, Residual pesticide applications to form a Passive barrier against would-be pest invaders. That approach ignores two flaws; One, insects develop resistance to pesticides, especially when pesticides are used repetitively in low doses. Secondly, the use of subsequent high dosages can be harmful to both human, pets & the environment. You can keep your Home/Office premises pest free from Cockroach, Bed-Bug, Rat, & Termite by giving us 30-45 minutes of your valuable time. These pests spread a lot of diseases, which are harmful & are also capable of...
