About Us

Incorporated in the year 1989, we “**Ras Siddhi Exim Private Limited**” are a leading manufacturer and exporter of qualitative textile processing chemicals, printing inks and screen printing decorative. Our range includes **Rasa Ash Conc – 999, Pvc Cavier Beads, Eco Discharge Clear, White, Plastisol, Screen Printing Inks, Caustic Soda Replacement for Textile, Garment and Water Base Binders & Screen Printing Inks**. Widely used in various areas like garment and textile industries, these are highly appreciated for features like precise pH value, accurate composition, eco-friendly and safe usage. Initially, the company has started its activity in basic chemicals used in textile industries and after that started forward towards the integration of textile chemicals in 1991. Year after year, with continuous R&D and more focused on textile industries, the company involved in a product range which is basic for manufacturing of textiles. Our strict quality testing procedures enable us to meet the international standard. We export our products to various clients located in Europe, South East Asia, Far East Asia and Middle East Countries. Further, we are also a sole distributor PVC base plastisol and water base ink. These inks are of Okotex European Standard. Working under the able leadership of Mr. Harnish Vora, Managing Director, the company has carved a niche in the field of manufacturing and...
