Rawfeed Agro Exports

<https://www.indiamart.com/rawfeed-agro/>

The company has been principally involved in domestic market since years and is presently capturing global world. We legitimately support the demand of international market with good quality of spices, grains, rice and vegetables.

About Us

Rawfeed Agro Exports

Is an authentic destination established by Ashish Makhija with the vision to import and export the unmatched quality of spices, grains, rice and specific vegetables across the world.

We strive to take care of our customers and their respective needs by providing them the best product according to their requirement in terms of quality and price. India is very well recognised for its richness in spices and agriculture. Looking to these diversified opportunities, we are proud to carry forward the tradition of India by serving a range of products, customer satisfaction, assured distribution leading to an unforgettable experience and a lifetime relationship.
