About Us

Ray Financial is a privately held proprietary trading firm dedicated to wealth management and investment banking needs of our clients.

The firm was founded by an ex Wall Street broker, having experience in NASDAQ, DOW and other major global indices of Europe and Asia. He conceptualized his passion into a business venture and embarked Ray Financial in year 2011, as a proprietary trading firm. Soon after understanding the market demand, the company expanded to offer an array of financial services.

Ray Financial is in network with some of the leading brokers and financial institutions in India and USA that has opened a portal to all investment solutions such as Internet Brokerage, Mutual Funds, Debentures, Bonds, Investment Banking and Private Equity.

We focus on bringing top quality investment strategies that help you achieve your financial goals and to some extent surpass them.

At Ray Financial, we make you experience Wealth!
