About Us

"RC Build Fly" & we do it. We teach, conduct workshop & do projects for RC Electric & Nitro planes/ Electric & Nitro Helis/ Electric & band powered Ornithopters/ (Tri-bi-quad-hexa-octo) copters with GPS lock, Return to home, Auto pilot, camera surveillance/ Auto & manual ejection Water Rocket (with parachute ejection)/ Wing warping Mechanisms / load drop/ fully & partial solar planes/ & other innovative projects to schools, colleges & universities. We conduct seminars on Aeronautics & advanced technology and Airshow's. "We teach people RC Piloting of age 6 to 60 yrs" We sell Aircrafts & its Spares. RC Build Fly was launched to cater to the fast growing market of what we call a passion. In simple terms it's the vast world of radio controlled model aircraft and helicopters. It's a world that offers you the power to fly in your hand. At RC Build Fly we currently stock a huge range of electric planes, electric gliders balsa, fiberglass and foam planes. Our core focus has also been on helicopters, motors, accessories and spare parts and our stocks are the largest in India till date in this segment. In the future we also plan to introduce RC cars, boats and more for you to enjoy life even better. All that we can now say is browse our site, choose what you want and kick start your life into a passion! RC BUILD FLY

Guidance of RC Build Fly I am Mr. Guptha and this is our Team, our main concept to spread Aeromodelling for...
