About Us

We specialize in re-cycling toner cartridges that are a boon for industries and corporate world, RC Toner cartridges are more reliable & cost effective comparing to OEM cartridges.

RC Info Solutions has successfully provided an environmentally sound, economical solutions to the growing costs of replacing cartridges. A printer cartridge can be re-cycled & refilled for approximately half the price of a new one, providing substantial saving with output as good as new. Additionally, RC Toners help you out by reducing waste and protecting the environment.
