About Us

Established in the year 2006 we, “R. D. Industries”, are well-known and the prominent Manufacturer and Supplier of a premium quality Food Processing Machine and Potato Wafer Machine. In addition to this, we undertake installation and maintenance services of these machines. These machines are fabricated using premium quality factor inputs and latest technology. The factor inputs are procured from reliable and certified vendors of the market as per international quality norms. Our machines undergo stringent quality control tests at each stage of manufacturing, which ensures it to be hundred percent defect-free, when sent to dealers and supplied to customers. The company also provides prompt and reliable after sales support to its customers through its dealer network. Quality attributes such as longer service life, reliable performance, low noise & maintenance levels, energy efficiency and easy installation make these products widely demanded in the market. These products are available in different specifications in order to meet the variegated needs of our clients. Our machines have huge domestic and commercial applications. Our products are highly appreciated in the Indian and overseas markets. These are available at best market prices.

Based at Rajkot, Gujarat (India), our company has established state-of-the-art infrastructure that is spread over a large area and is categorized into various segments such as...
