Redsun Communication Private Limited

<https://www.indiamart.com/redsuncommunication/>

We are leading company offering turnkey project consultancy in Healthcare, Higher Education projects and Engineering Projects.

About Us

Redsun Communication Pvt. Ltd. was formed in **2007** for giving consultancy in development of various projects. RSC aspired to create a single window delivery system, where by the customer would not have to look for multiple solution providers and would get fully integrated solutions less than one roof. It is our vision to provide solutions and create a better environment and lifestyle. Our aim is to grow and innovate. We offer turnkey projects starting from selection of land to completion of the final project.

Redsun communicate with various agencies and take assistance from them to provide best solution to our client. Our client will get all services under one roof. As a result client does not move to various places for get it work done. We are the people who take responsibilities to get it work done.

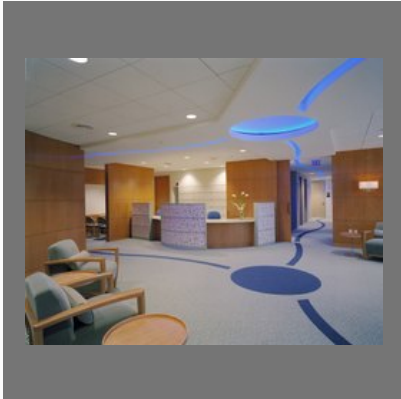

We have taken various turnkey projects for establishment of Hospitals, Medical College, Dental College, Nursing College, Dental clinics and some consultancy in various engineering projects also. Also we are giving Consultancy Service in NABH for Hospitals. We are also giving IT consultancy for various projects.
