We are a notable Manufacturer, Wholesaler, Distributor, Exporter, Trader and Supplier of an extensive array of PVC & TPU Inflatable, etc. These products are widely known for their shock absorbing power and damping bumps quality.

## About Us

Established in the year **1996**, in **Faridabad (Haryana, India)**, we "**R. G. Enterprise**" are the reckoned **manufacturer, wholesaler, distributor, exporter, trader** and **supplier** of premium quality **PVC & TPU Products, PVC Coated Cloth Products, FRP Products**, etc. Our offered products are recreation or sports activity in which one can roll downhill inside an orb that is made up of transparent plastic. These activities are performed in gentle slope, flat surface, commercial locations and other such specific areas. The products offered by are made available in both single and double layer for safety of users. Made up of hard, flexible and transparent plastic, these products are widely known for their shock absorbing quality and bumping nature. These light weight products are precisely designed at our ultra-modular manufacturing unit that is assisted with high-tech machines and technologies. For fast and steady growth of our organization we have appointed a team of skilled professionals who look behind the manufacturing process and fulfil clients demand in effective manner. In addition to this we also provide **Event Management Services** to our clients. Our offered services provide inflatable bounces and toys to birthday parties, marriages, malls and other such places for recreation purpose. Our organization is successfully moulded under the supervision of our mentor "**Mr. Rajeeb Gogoi...**"
