About Us

India has one of the fastest growing economies. As a matter of fact, it is ranked among the World's Largest Economies. It reflects the pace with which every industry is flourishing in India. However, to sustain growth it is important that suitable professionals take the success story forward in every industry. We, at R.K.Placements, endeavor to serve diverse industries by providing a common platform to the Job Seekers and the Recruiters to provide the best opportunities in the country and abroad.

Looking To Recruit?

We offer the best in class personalized services to target the right candidate for the right opening. Each client is unique and is offered a comprehensive and customized solution accordingly. We help you source the best professionals to work for your organization. We also undertake HR capability building and enhancement assignments, keeping in mind your specific needs and core philosophies.

Looking To Get Hired?

If you are looking for a career in accordance with your interest, experience and capability, your search stops here. We have association with reputed clientele in various spectrums to align great job opportunities with your personal aspiration.
