About Us

Founded in April, 2008 by a seasoned group of professionals from diverse & rich backgrounds, R.K. INFRA & ENGINEERING (INDIA) PRIVATE LIMITED is engaged in Infrastructure development including Industrial Structures and Commercial Spaces and Engineering business. Over the years, the company has spread its wings and structured its role as one of the premier developers or designers/builders that has come to be synonymous with excellence and high quality works. The company has extensive expertise in iron ore mining and offers quality solutions in iron ore mining. In addition, the company also offers customized services including development, design/build, program management, owner's representation, construction management, consulting, financing and corporate services. Not only do we have the experience and market knowledge to create successful projects while controlling costs, but also the diversity of skills to build greater value for our clients and their customers.

Meticulous planning and realistic budgeting supplemented by a sound management process, have been instrumental in the successful execution of large-scale development projects. The company's extensive and experience in Iron ore mining has resulted in the successful execution of several projects in Andhra Pradesh and Karnataka in India as well as in Indonesia.

Every project, powered by state-of-the-art infrastructure technology and backed by a highly motivated, cohesive workforce,...
