About Us

R.N. Technology::Web Development & Research Center, the IT company in Innovative Thinking — the most powerful feature of the human mind that enables an organization like ours to rise above the routine, the expected and the usual. And come up with groundbreaking solutions that add value to our products and services while empowering our clients to soar above the rest in a highly competitive field. Based in Ghaziabad, R.N. Technology is a IT company providing highly scalable conceptual and functional solutions to companies world over.

The company was formed in 2009 by industry professionals, having in-depth experience of technology and organizational development, on the premise of providing cutting edge communication solutions to global business community. Today, R.N. Technology has grown into a renowned integrated InfoTech service provider offering cost-effective and quality solutions in multimedia & web, e-marketing, software maintenance and software.

At R.N. Technology, we believe in listening, analyzing, advising, and implementing new projects and concepts to effectively present complex information. Our value-added approach to service delivery exemplifies continuous process and quality improvement and incorporates state-of-the-art practices, techniques, and equipments. Our approach to service delivery offers greater flexibility as compared to any company and sharpens the competitive edge.
