## About Us

We, **Royal Enterprises**, have successfully emerged as the leading brand for clothing and apparel in the industry. Realizing the enormous spike in the market demand and potential, we started business in the year **2008**. With considerable years of experience and knowledge in the garment industry, we are engaged in **manufacturing and supplying** a wide gamut of fabrics. Our range includes **Dyed Fabric, Printed Fabric, Cotton Fabric, Woven Viscose Fabric, Nylon Fabric, Woven Fabric** and a whole lot more assortments. Carving our alcove in the national market, we are known in the industry for alluring designs, patterns and comfort-ability. To provide products at reasonable prices and best quality, we have developed state-of-the-art infrastructural facility that is well equipped with modern machinery and technology. These worth spending men's wear are perfectly stitched using ultra-modern machinery, which includes designing, stitching, knitting and finishing machines. We have set various levels of qualitative checks and interferences all over the production pipeline to maintain the steady and ensured deliver of premium output. From selection of raw ingredients to the inspection of finished products, the whole range passes under stringent scrutiny to meet our industrial standards. We carry out entire processes of testing, yarning, manufacturing, stitching, warehousing, logistics and other factory activities in a huge sprawling facility. A team of 11...
