Royal Rubbers

<https://www.indiamart.com/royal-rubbers/>

Established in year **2009**, “**Royal Rubbers**” is one of the leading manufacturers of **Hose Pipe etc.** We offer these to our customers at market leading rates.

About Us

Royal rubbers is an established Company with a vision to serve the customers with good Products at economical and cost effective prices to the short term and long term benefits.

Our motto is in bringing to the Customer a wide Range of products to suit the specific working conditions, thanks to the enormous application knowledge accumulated over years of experience with various Industrial applications.

Royal rubbers is one of the star producers of rubber hoses. Our product range includes high pressure wire braided hose, Pneumatic hose & welding hose etc. The products produced are of superfine quality and according to national standards. The specifications are constantly upgraded in tandem with fast evolving developments at Global level and Prices are frequently revised downwards to pass on to the customers the benefits of improved productivity and savings resulting from quality improvements.

We have a well equipped factory with all modern machinery and are run by an efficient team of highly qualified & experienced Engineers, Operators & Fitters. A watchful Management & Quality Control Department ensures that all processes are regulated and delivery schedules are closely adhered to. Input materials are sourced from reliable and reputed suppliers and are subjected to close scrutiny, with a one stop rejection policy to ensure material compliance. Inspections are carried out at various process stages to ensure that our quality...
