## About Us

R & P Life Sciences company is established in the year 2015. We are leading Manufacturer, Trader and Supplier of Allopathic Medicine. Our offered medicines are processed as per the defined quality norms under the most hygienic condition from quality assured chemical compounds and the latest machines.

These medicines are highly demanded across the nation for their properties like effectiveness, reliable usage, accurate composition, purity and long shelf life. We provide these medicines in excellent packaging material in order to ensure their safe delivery to the clients. In addition to this, we provide these medicines in large quantity within predefined time frame at most genuine rates.
