About Us

The banking industry provides a wealth of opportunities for experienced professionals, college graduates and entry-level workers. For the past couple of years, govt. banks have been recruiting aggressively mainly to compensate for the large number of retirements happening in middle/senior cadre. This trend continued in the year 2014 as well as with approximately 50000 vacancies being created across various positions. This will gear up in the year 2015-2016. The no of bank jobs in 2015 will almost be similar to previous years which is around 16,000-18,000 officers and 30,000-35,000 clerks. The salary and emoluments provided by the banking sector is high compared to other industries.
