

R R Glass

<https://www.indiamart.com/rr-glass/>

A marble is a metamorphic rock formed by alteration of limestone or dolomite, often irregularly colored by impurities and used especially in architecture and sculpture. A granite is used as a building material in the form of granite tiles.

About Us

R R Glass was established in 1998 and is a trust worthy name in the field of Marble, Granite, kota, & other decorative stone, plain glass, fusion, etching etc. We are a quality driven company. We endeavor to provide high quality products to our clients. We are maintaining our standards of excellence to offer the best to our clients. From the moment the material is purchased to the time it comes into our factory premises, our team of experts monitor and log each and every step of the process to fulfill our quality promise to our customers. We possess state-of-the-art-technology backed by a team of highly qualified professionals striving for innovation and quality. We own fully mechanized quarries that manufacture premium quality products.
