We are ISO 9001:2008 certified manufacturer and supplier of Automotive Tyres and Industrial Rubber Products. Our range is known for performance, ability to withstand extreme temperature and resistance to acid.

## About Us

Established in the year 1980, we, Rubbertech, are one of the ISO 9001:2008 certified manufacturers and domestic suppliers of various types of molded and extruded Rubber Products, Automotive Tyres, Solid Tyres and Industrial Rubber Products. These products are appreciated for their ability to withstand extreme temperature, resistance to acid & abrasion and smooth & superior performance. Our range is manufactured in compliance with ISS / BSS/ Defence specifications, thus, is of assured quality.

Our entire range is manufactured using finest quality raw material such as rubber, carbon, chemicals and adhesives. We offer products that score highly in terms of quality and reliability that also ensures maximum client satisfaction. Moreover, we make use of quality testing machines like shore hardness tester, precipitate oven, chemical testing equipment and others, which help us in offering quality approved range of products.

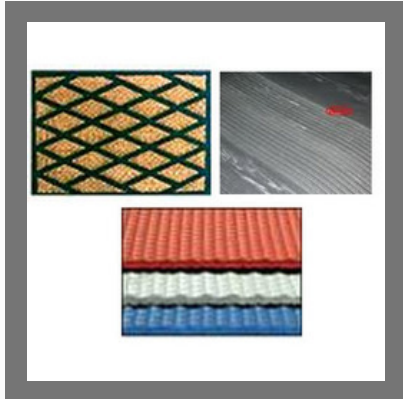

Under the able guidance of our mentors, Mr. Nav Ratan Jhawar and Mr. Prem Ratan Jhawar, we have scaled new heights of success. His strong business acumen and the diligent efforts from our team of professionals have enabled us garner a huge client base all across the country.
