Rubric consulting is the brainchild of a group of experienced professionals who have come together to set up a dynamic platform to meet the specific HR requirements in industry, both in India as well as overseas.

About Us

Rubrics consulting is the brainchild of a group of experienced professionals who have come together to set up a dynamic platform to meet the specific HR requirements in industry, both in India as well as overseas. At Rubrics, you get the best HR solutions for different domains. With the ongoing change in the various industries in India, which was initiated in the last decade, because of the globalization and open market strategies, companies are facing stiffer competitions from its MNC counterparts. Therefore, they have focused on the intensive business strategies, and a perfect HR strategy is one of the most important aspects of a well managed company. At rubrics, acquiring in depth knowledge of the domains has always been the core idea, because we understand that without understanding the business of our clients, we cannot help them in their HR policies. We at Rubrics have decided to narrow the horizon of our service, so that we can enhance the depth of the service. We at rubrics consulting, are fully equipped to help organizations focus on their core areas of business and aim to multiply their growth of production, thereby profit through efficient handling of employee resources to the most possible extent. Rubrics saves the creative and management time of the organizations by performing the responsibilities of manpower consultants while the organizations, being free from HR activities i.e.,...
