We are placed as the noteworthy Wholesale Trader of a wide variety of **Safety Shoe, Safety Lockout, Safety Jacket And Vest,** etc.

About Us

Established in the year **2009**, at **Pune (Maharashtra, India)**, we, "**Safepro Industrial Solutions**", are recognized as the foremost **Wholesale Trader of Safety Shoe, Safety Lockout, Safety Jacket And Vest**, etc. These products are designed and developed in conformity to the international standards making use of supreme grade basic material and latest techniques. The offered products are sourced from the reliable vendors of the industry as per the predefined quality norms. Owing to their excellent finish, smooth texture, long service life, comfort ability and attractiveness, our offered products are widely used for varied applications in the industry. We offer these products to the clients in varied specifications in order to meet their specific requirements. We also offer our clients various training services on Behaviour Based Safety Training, Evacuation Mock Drill, Basic Safety Training, Medical First Aid Training.

To source these products, we have garnered an authentic vendor base. We have selected these vendors on the basis of their market reputation, financial stability, industry experience and ability to handle bulk orders of clients. Our vendors ensure that the products offered by them are high in durability and are checked on several quality measures. To organize our entire business processes, we have employed hard working industry experts by thoroughly evaluating their work experience and...
