We are one of the prominent importer and exporter of dairy products, food products, metal scraps, alloys and miscellaneous products. These products can be availed from us in required quantities.

About Us

Established in the year, **2006**, we, “**Sahyog Trading Company**” are one of the most trusted importers and exporters of **Dairy Products, Food Products, Metal Scraps and Alloys and Miscellaneous Products**. These products are imported from reputed companies across the country. Our food and dairy products are widely appreciated for their taste and nutritional values. Moreover, our metal scraps have excellent anti-corrosive properties. We are also capable of providing these scraps to the clients in bulk quantities.

Due to our huge distribution network across the country, we are capable of providing these products timely to the clients. Maximum care is taken by us during the entire transportation process, so that the products remain safe. Within a short period of time, we have gained a prominent position in the market, owing to our client centric approach. We give top priority to the requirements of the clients and undertake various measures to satisfy them.

Our mentor “**Mr. Ranjan Agarwal**” is a man with vast industry experience and sharp business acumen. He has motivated us to carry out our business on the basis of ethical grounds.
