About Us

As a wholly owned subsidiary of Sainor Laboratories Pvt. Ltd. was established in 2005. The construction of a butyllithium manufacturing facility, the Second in India. The plant is located in I.D.A Jeedimetla, Hyderabad. The facility is a dedicated unit for the manufacture of butyllithium. Its production capacity will 50 MTS. The company is in a position to supply butyllithium in all quantities and packaging, from small amounts for pilot plants, up to large quantities packed in Cylinders. Concentrations of n-butyllithium are available - from diluted product in the range of 10 Percent up to the concentrate (30 %).

Sainor Labs, based in Hyderabad, India, produces and markets Fine Chemicals and Intermediates for Indian and Global Markets. It is a quality-focussed company that recognizes that quality is the result of a combination of the right resources - technocrats, technologies and trained teams and the right values - dedication, discipline and determination.

ALKYL & ARYL MAGNESIUM HALIDES

Phenylmagnesium Bromide

Isopropylmagnesium Bromide

Isopropylmagnesium Chloride

Isopropylmagnesium Chloride
METAL AMIDES & ALKOXIDES

Lithium H.M.D.S

Lithium Diisopropylamide

Sodium H.M.D.S

Lithium Tert Butoxide
ALKYL ALLUMINIUM CHEMICALS

Diethyl Aluminium Chloride

Methyl Aluminum Dichloride

Ethyl Aluminum Dichloride

Dimethylaluminum Chloride
ALKYL ZINC HALIDES

4-Cyano Butyl Zinc Bromide

2-Chloro Phenyl Zinc Iodide

Phenyl Zinc Iodide

4-Methoxy Benzyl Zinc Chloride
INDUSTRIAL CHEMICAL & INTERMEDIATES

- Phenylboronic Acid
- 3 Furoic Acid
- Benzophenoneimine
- 3-Furaldehyde
**OTHER PRODUCTS:**

- N-Butyl Lithium
- N Butylmagnesium Bromide
- Lithium Isopropoxide
- Trimethyl Aluminium
OTHER PRODUCTS:

- 3-Methoxy Benzyl Zinc Chloride
- 2-Furoic Acid
- Dibutyl Ether
- Grignard Reagent
