Offering residential apartments services, commercial office dealing services etc.

About Us

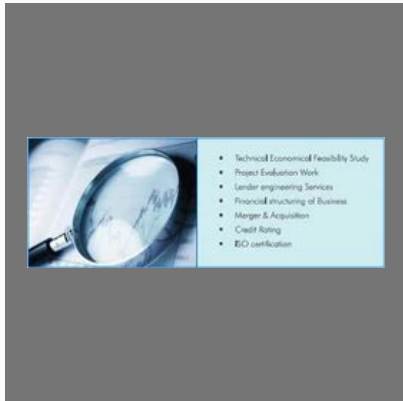

There are four steps to turn a dream of business into reality-the thought, a blueprint, funds and expertise for its execution. If you too have a thought of any type of business or industry in your mind and wish to make it a reality but are groping in the dark how to go ahead, look towards Samadhan. We provide all types of business need based services under one roof. We provide services like technical feasibility study of a business or industry, preparation of detailed project report (DPR), all types of registrations & licenses, managing your finance requirement from bank/financial institutions and guidance towards day to day taxation & accounting matters.
