We Samarth Life Sciences Private Limited are the manufacture of a broad range of life saving Critical Care drugs.
About Us

**SAMARTH** has evolved into an innovative global life science company that explores, develops, manufactures and markets a broad range of life saving Critical Care drugs. The company has earned respect and customer loyalty by combining highly specialized skill sets – such as therapeutic area expertise and an understanding of global and local regulatory environments – with an uncommon dedication to providing superlative service. We aim at exponential growth through expansion in new therapeutic area and exploring new molecules.

Our vision is to emerge as a globally renowned pharmaceutical enterprise by the acceptance & confidence of medical fraternity and quality of products with the highest level of operational excellence in all spheres. Samarth’s unique focus is to bring innovative proprietary pharmaceuticals to market. We consider this approach the best way to serve the needs of patients, while addressing unmet medical needs.

As Indian Pharma companies race to bring New Chemical Entities to the global marketplace, Samarth has established itself as a market driven; technology based company with a strong R & D base and is aiming at creating a niche market for products which are mostly import substitutes and life saving healthcare products.

In it's pioneering spirit Samarth took a lead role in establishing a footprint in India in the year of 1963 from humble beginnings and has today developed into a multi dimensional,...
