## About Us

Samarth an ISO 9001:2008 certified company synonymous with Electronic Security Equipments since its inception; a pioneering leader in the management and application of Security and Safety projects. Today, we are India's leading firm in innovation of Metal Detector Technology, extensively engaged in Designing, Manufacturing and Marketing High Technology Security Surveillance products and services related to providing Security Solutions and executing turnkey projects. The company is customer centric in its focus and one of the single largest sources for a wide variety of security products. Also, the company is emerging as the first choice global supplier for high quality security equipments. We Samarth, are awarded with Consultancy Service for Procurement of Security Equipments by MSRDC – Bandra Infrastructure Projects India. Products & Services Offered The company is organized into three business groups viz.

- Design & Manufacturing Security equipments.
- System Integration.
- Training of Security equipments & Counter Measures against threats.

Apart from above, Samarth exports it's products to Southeast Asian and African countries, which includes the emerging South-East Asian and African markets. Thus, the company addresses all segments of Security industry from complex industrial Security solutions to corporate security requirements. The Metal Detector Technology is having an International Patent Registration for its unique design; and...
