Exporter all kinds of engineering software, optimizer suite (rectangular sheet nesting software), optimizer for rolls (nesting software for rolls / coils) etc.

About Us

SAMTEC was formed as a software firm in August 1994. Our first major venture was development of Nesting Software, material nesting optimization software for fabrication, modular furniture, glass retailers processors & sheet metal.

We further expanded our activities to everyday Office Apps for network backup, email communications, boosting sales & monitoring employees.

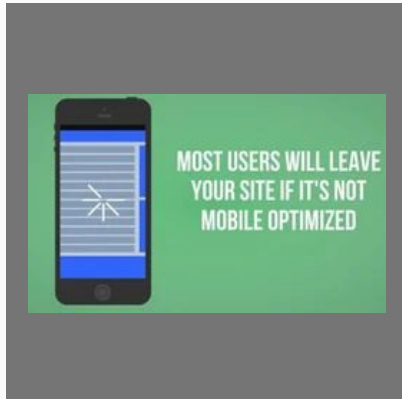

SAMTEC Solutions Private Limited was incorporated to create e-fusion framework, with an idea of catering to a large market needing hosted, browser based customized Business Solutions.
