We at ArchSpace Architects (Formerly Sanjay Art) are passionate about people and their needs within the architecture and design space, therefore we base all our projects on user-centered approach.

About Us

ArchSpace Architects is Jaipur based **architecture consultancy** firm founded in **2005** by principal architect Santosh Kushwaha. He holds a graduation in architecture from the Aayojan school of architecture and is a member of IIA(Indian Institute of Architects), COA(Council of Architecture). ٪٪٪ We are a medium-sized firm with a set of a closely-knit teams of **architects, interior designers, civil engineers, visual artists and landscape designers**. Our firm follows the legacy of the pursuit of creating beautiful spaces that people interact with. Whether we are designing a new residence or developing an outdoor recreational center or a commercial space, our goal is to create aesthetically pleasing and livable spaces. Behind every beautiful building is a great design. ٪٪٪ Our architecture and interior studio work in tandem under the guidance of principal architect Santosh to develop awesome designs. Excellent design and innovative architecture are what we focus on. Archspace Architects is one of the fastest-growing architectural and interior consultancy firms in India. The head office is situated in the pink city of India, Jaipur which blends the culture and architecture in our blood originally. All our designers have immense experience and talent that appears in our designs and experimental thoughts. With a team of experienced architects and interior decorators in Jaipur, we offer the best-in-class designs and cost-effective solutions as per...
