About Us

Santhigram Kerala Ayurvedic Company Ltd., established in 1998, is an ISO 9001:2008 certified organisation. We are in the mission, "To propagate the goodness of Ayurveda worldwide". For over Fifteen Years, we have offered genuine "Kerala specific Ayurvedic Therapies" for the well-being of mankind. Kerala ayurveda and Yoga are the time tested ancient systems of medicine which help to maintain healthy body and mind. It is a science that not only addresses to bodily infirmity but encourages social, spiritual, emotional and psychological well being. The Kerala specific Ayurvedic rejuvenation and "Panchakarma" treatment and therapies have a unique history of evolution and offer many exceptional methods for total body rejuvenation and could cure many chronic ailments. The failure of modern medicine in offering side-effect-free treatments for certain ailments like Arthritis, Spondylitis, Lumbago, Slip Disc, Frozen Shoulder, Stress & Strain, Sciatica, Sinusitis, Depression etc. has increased the demand for these time tested, side-effect-free therapies not only in India but also in the Western world. Understanding the needs of the millions seeking help to counter these ailments, Santhigram has ventured into UK and USA with their established branded services.
