Sargodha Moulders India Private Limited

https://www.indiamart.com/sargodhamoulders/

We are the reputed firm developing and supplying a large variety of Product Prototype, Plastic Moulds, Plastic Injection Moulds, Plastic Moulds Of Air Conditioner Parts etc.
About Us

Sargodha has been actively involved in the development of all types of plastic moulds and dies and all type of plastic moulded products. DESIGNING AND PROTOTYPES is a continuous process at Sargodha, totally exclusive of manufacturing. Not only this, the technical feasibility, development and final execution of the products are all at par with the best in the industry. The company is in a mould manufacturing tie up with China that provides BEST QUALITY MOULDS AND DIES with competitive and comparative advantage over others. Our mentioned range has different unmatched characteristics owing to which these are widely in demand in the industry. Some of its features are its durable finishing, efficient functionality and accurate design. Also, we deliver our...
