About Us

Sat Developers was established in the year 2006. Sat Developers is known for a strong commitment to providing professional services and the development of long term business relationships. The firm provides a comprehensive range of professional engineering services to both the private and public sectors. Sat Developers is recognized for their ability to approach projects with continuity in design, reflective of a positive economic and community impact. While the range of services varies from project to project; Sat Developers's core services are civil engineering, land planning, land surveying and mapping, utility research, planning and the design of utility relocations. Sat Developers is proud of our strong reputation in meeting aggressive schedules and the ability to assemble successful multi disciplinary project teams.
