## About Us

KAVITA is an integrated clinical hypnotherapist from California Hypnosis Institute of India, an Angel therapist, a Reiki Master, a Theta Healer, Aroma Therapist, a Past Life Regressor, a Crystal Therapist, and an Angel / Tarot Card reader. She is also a healer, a counselor and a teacher.

Like almost everyone she had relationship problems, financial challenges, health issues and many other problems.

In the quest of answers to her personal issues, she landed up doing a number of spiritual courses, reading lots of books and contacting spiritual gurus.

Initially she started with Reiki healings. When she started getting experience with Reiki, she started with her workshops. She is now doing workshops from last 17 years. A very deep inner calling and curiosity of past life regression made her enter the field of hypnosis. Her deep desire to learn about life, got her in touch with angels, who guided her to her Divine Life Plan.

Having understood her divine life plan and under divine guidance, she understood life and entirely took charge of it, relinquishing her well established beauty business of 27 years. She plunged into it, never to look back.

She felt the plight of millions of people who were suffering and not knowing how to get out of it. If one problem goes, another comes. Life is full of uncertainties. Either there is constant struggle or worry and tension or an unresolved problem.
