About Us

Construction industry has significant contribution in development of our country and we are proud to be member of it. It has been our constant endeavor and priority to go for projects which directly or indirectly contributes to the development of society and thereby country as a whole. Every project is being looked upon as a new milestone and attended with total dedication. It would be relevant to mention here that, Aashray Lifespaces has completed construction of approx 15,00,000 Sq. Ft. of work till date.

One of the greatest assets with Aashray Lifespaces is its range of qualified and experienced team members. The team management at Aashray is judicious blend of seasoned technocrats and experienced administrators. Quality human resources coupled with an emphasis on technological and professional fitness is the foundation of Aashray Lifespaces Family. At Aashray Lifespaces each individual takes pride in reaching out to its fullest potential. Our dedicated and experienced team put in their expertise and experience together, turning vision into reality.
