SBMS is a sourcing agency specialized in the clothing industry for children, women and men. We have 25 employees spread out in our two offices in India, strategically located in Tirupur and Chennai. To enhance our customer relationship, we also have a liaison office in Paris, France. We possess our own production site, and work with 30 carefully selected factories which meet the stringent quality expectations of the European markets and also adhere to the social and environmental norms currently in force. As a local sourcing agency, one of our key strengths is our large pool of suppliers with whom we have built a trustful relationship over the years. Thanks to this strong partnership with our suppliers, we are in a position to offer a wide range of quality textiles from expert production. Our continuous relationship with some of the leading brands in the international market has enhanced our capability to negotiate with our suppliers. We can thus offer our customers, whatever their level of development, the certainty of the best possible product the best possible price.
