

Sci - Tech Engineering Pvt. Ltd

Supplier of capacitance, tan delta measurement system, current transformers test system etc.

About Us

Scitech are specialized in the field of supplies of scientific, electrical & electronic instruments, training systems & components to educational institutions in all parts of the world.

with more than 25 years of experience in this field, sci-tech boasts of high quality, customer satisfaction and long term service to its buyers all over the world. Sci-tech is a group of experienced design engineers in the field of laboratory scientific instruments, electrical measuring instruments & electronics test & measuring instruments. as per the syllabus requirements of educational institutions, the design engineers design the instruments. Such experience of designing the instruments, equipment and components led the sci-tech team to develop trainers. Trainers are required in all different educational laboratories. sci-tech now has more than 200 different trainers in the field of electronics, telecommunications electricals, & bio-medical engineering. Today sci-tech has a very wide range of products

LABORATORY EQUIPMENTS

Ovens Laboratory Type

Laboratory Trays

Anaerobic Culture Jars

Cryostats: Cooling Bath
Circulators

SCIENTIFIC EQUIPMENTS

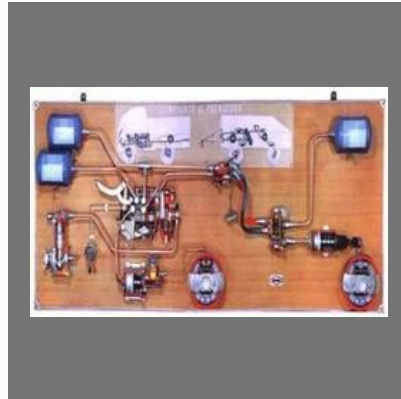

Automotive Electric Cooling Fan Trainer

Automotive Electronic Climate Control System Trainer

Automotive Braking System (Drum Brake)

Automotive Hydraulic Pneumatic Braking System

SCIENTIFIC INSTRUMENTS

Automotive Truck Air Brake
With Abs Trainer

Capacitance & Tan Delta
Measurement System

Automotive Air-Conditioning
Simulator

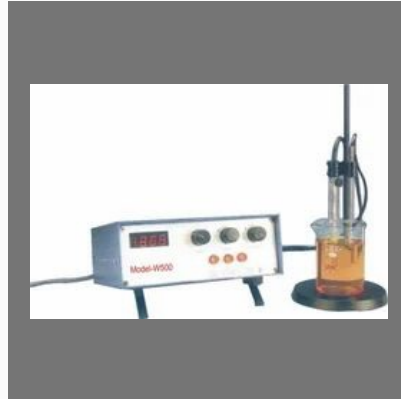

Automotive Braking System
(Disc Brake)

MEASURING INSTRUMENTS

Digital Ph Meter

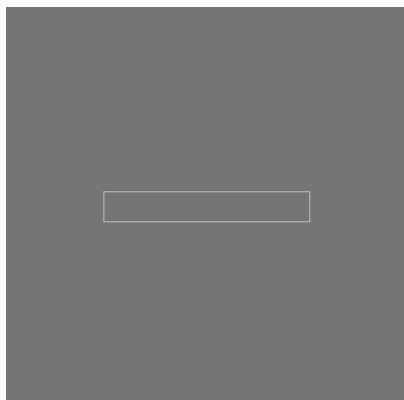

Bench Ph Meter

Ph Meter Handheld Type

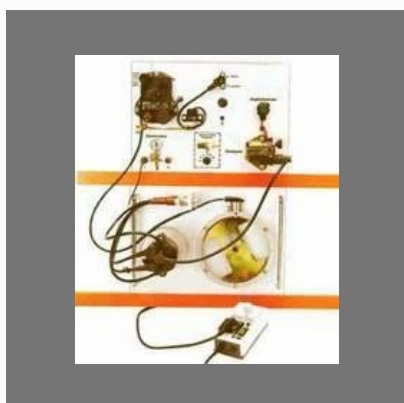

OTHER PRODUCTS:

Distilled Water Steel

Automotive Twin Line
Hydraulic Pneumatic Braking
System

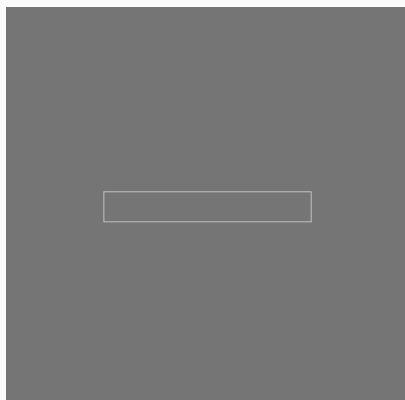

Automotive Auto Ignition
System Demonstrator

First Aid Kits

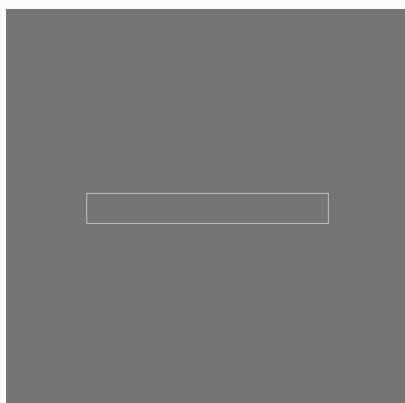

OTHER PRODUCTS:

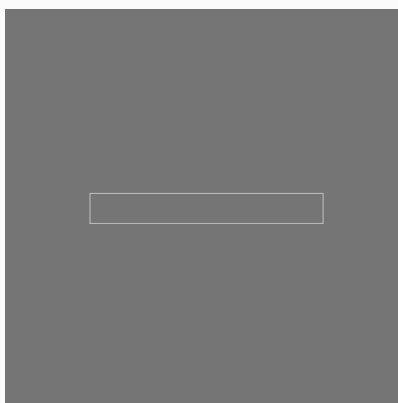

Donor Tube Stripper

Automotive Abs Braking System

Refrigerator Water Bath

Serological Water Bath

Factsheet

Nature of Business

:Exporter
