We are an ISO 9001:2000 manufacturer, supplier and exporter of an extensive range of Quality Testing Equipment, Test Apparatus and Temperature Controllers. These products are known for their longer life, higher accuracy and sturdy construction.
About Us

Established in the year 1992, we, “Scientific Traders”, are an ISO 9001:2000 certified organization involved in manufacturing, supplying and exporting a wide gamut of Quality Testing Equipment, Test Apparatus and Temperature Controllers. We offer Flammability Test Apparatus, Ozone Resistance, Water Bath, Thermal Stability Test Apparatus, Tensile Testing Machine and Copper Purity Test Apparatus. Further, we offer Smoke Density, Critical Oxygen Index Apparatus, 3-meter Cube Smoke Density Test Apparatus, Halogen Acid Gas Generation Test Apparatus, Melt Flow Index Test Apparatus and Dumbbell Die. In addition to this, we offer Laboratory Hot Set Test Apparatus, Hydraulic Press, Digital Conditioning Chamber, Laboratory Hot Air Oven With Digital Pid Controller and many more. Designed and developed using high-grade raw material and latest technology, these products are appropriated among the clients for their compact design, longer service life, higher accuracy and sturdiness. The products we offer are widely used for testing quality in several manufacturing industries. Leveraging on the advanced infrastructure, we have been capable in catering to the varied and changing demands of our customers. Our infrastructure is segmented into several units in order to run and manage the entire business operation in an efficient manner. We have installed our units with the latest machines and tools that are...
