the SCJ is a leader in the field of color and additive master batches, PVC compounds, co-extruded sheets and telecom cables providing the plastic processing industry with quality products both for standard as well as tailor made applications.
About Us

The SCJ group is a leader in the field of color and additive masterbatches, PVC Compounds, Co-Extruded Sheets and Telecom Cables, providing the plastic processing industry with quality products both for standard, as well as tailor made applications.

With a three-decade strong foundation, SCJ is now poised on the threshold of creating a global niche with products that match the best in the international arena.

Our commitment to society and a Green World, has led us to develop additives and masterbatches which are environment friendly.

In India, the group operates from strategic locations in Delhi, Baddi (Himachal Pradesh), Daman and Goa. These diverse manufacturing facilities are equipped with the latest state of the art machinery and enable SCJ to respond on the spot to the demands of the market and make available 24x7 back-up support advantages to its valued customers.

The House of SCJ believes in a constant endeavor to keep abreast of the latest developments and trends. This ongoing effort, spanning thirty years, has provided us with invaluable experience, giving us an in-depth insight into the requirements of the industry and kept us ahead of the competition.

Updated products that conform to international standards has been our trademark. And this is a direct result of SCJ's intensive program to stay abreast with the country’s requirements, world trends and international developments by participating in major...
