About Us

SDFCL is an ISO certified and one of the largest lab chemical company in Asia. Since 1978, we have been extensively investing in state-of-the-art manufacturing infrastructure. Over the years we have developed multiple assets to produce a large range of lab/fine/speciality/ rare and research chemicals. We are the only catalogue company in india having capability of producing high purity solvents as well as complex organic compounds and analytical reagents for highly critical applications right from grams to several tons. Our organization has over 400 employees including highly skilled and experienced doctorates along with several chemists.

All Our product are Benchmarked with international acceptable standards and their performance is suitable for all demanding applications, across all industries.
