

Seed Management Services Pvt. Ltd.

<https://www.indiamart.com/seed-management-services/>

SMS is leading automation company that is engaged in producing and deploying solutions including workforce automation, payroll, process automation and industrial automation.

About Us

- We cater to manufacturing, IT, healthcare, hospitality, education, media & publication industry, to name a few. With the expertise and experience in the area of automation, we provide customized solutions that suit to specific industry needs. This may include developing turn-key automation solutions for a beverage company or building vehicle tracking system on a toll plaza. Additionally, point solutions such as Job Costing / Machine Optimization Tools, Duty management system etc are built to take care of niche specific industrial demands.
- If you take a walk through of our offerings, we have one of the best power package HRMS in India called empower and a remarkable software for Mobile based survey using CAPI methodology called Survey Data ++.

- **Empower - HR Management Software**

Empower - HRMS is a complete HR Management package that offers the dual benefits of two primary HR tools like Payroll Management and Time & Attendance Management. Free demo on one of the best HRMS in India, eMpower.

- **Survey Data ++ - Mobile based surveys**

Survey Data ++ is SEED Management Services IT solution for knowledge gathering. It is a proven technology based solution to address the needs of field data collection by providing accurate, authentic, and adequate statistical data in a desired time frame. It has the ability of developing complex and long questionnaires. It's one of the most reliable solution with CAPI...
