

Seshran Techno Consultancy

<https://www.indiamart.com/seshran-techno-consultancy/>

Being an eminent trader, we offer excellent solutions for varied power quality challenges. We also offer electrical thyristors, induction furnaces and consultancy services which include installation and commissioning of our range of products.

About Us

Incorporated in the year **2004**, **Seshran Techno Consultancy** is an eminent consulting organisation and trader of complete spares for induction furnace. Additionally, we also provide services such as erection, commissioning and installation of induction melting/heating furnaces, furnace spares and power saving products. Under the profound supervision of our mentor **Mr. S. Vijay Kumar**, the company has build up a pool of diligent personnel. Our range of furnace spares and power quality products are known for their superb performance. We are entirely aware of all intricacies of installation and trouble shooting procedures related to induction furnace and hence offer excellent value added services. Our team of industrial experts provide consultancy regarding the power quality of the system. They analyze and provide practical solutions to the most challenging problems relating to operation of induction furnace and power quality challenges.
