About Us

We are into International Trading and Marketing of Engineering, Textiles, Chemicals and Agriculture Products. Our intention is to sell our products to every nook and corner of the world and have presence felt in all continents. We are fulfilling the needs for the various customers in different countries and would like to continue and always looking for new customers. Our strength is not to treat our customers as buyers but associates for mutual growth and understand their requirements and fulfill them. Our belief is in building long term relationships with our customers and not looking for short term gains. Some of our customers are associated with us for more than 10 years. As we are not manufacturers, our focus is to source best quality products for our customers and along with that give them services. In our office we have recruited employees but built a team spirit in them under the leadership of our Director. We believe in participative management and decisions based on discussions. All our employees are professionals and know their respective fields very well. Our company is knowledge driven and would continue to bank upon it. We do not treat our employees as expense, but investments for our company's growth and must have share in fruit of our growth. Keeping the above, we are working with ISO Certified companies with strong commitment to quality, competitive price and service. With technical manpower available at our disposal...
