About Us

We are engaged in offering gaming console, computer, laptop, printer sale and service. Our Company established in the year 2014. We own an immense domain expertise that makes us a noteworthy service provider of laptop spares repairing. We provide our repairing services for offices and individuals. Our laptop service is done by using supreme quality of spares and latest technology. We repair laptop by reconfiguring new hardware, installing and updating software packages as per the needs of our clients.
