About Us

Hospi Maintain was established in the year 2011. We are leading Manufacturer and Distributor and Supplier. These hospital furniture are used in most of the Indian Hospitals. We has also earned a good reputation from the international community as one of the best Hospital Furniture Exporters from India due to the excellent quality of these hospital furniture.

We are experts in offering our clients the best series of Hospital Steel Furniture. These items are developed with the help of high-quality basic components with the support of latest tools. The raw components used for the production of these items are sourced from certified vendors of the industry. So as to cater to the varied demands of the customers, we supply these items in various designs and sizes.
