# Shako Flexipack Pvt. Ltd.

<https://www.indiamart.com/shakoflex/>

Shako Flexipack has emerged as a leader in manufacturing and exporting Laminated Plastic Bags & Printed Laminated Pouches. Our company provides efficient and economic packaging solutions in the industry.

## About Us

With the growing awareness and consciousness towards hygiene, it becomes more important to develop packaging solutions that provide hygiene and retain freshness at the same time. Inspired by this requirement, Shako Flexipack evolved with providing innovative packaging solutions to different industries. Based on extensive research, we developed just-right solutions for packaging in the form of pouches that offer shelf life protection with appealing features. With adoption of latest technology like rotogravure printing and adhesive lamination we are capable to offer a large variety of pouches like roll stock, rec-losable zippers, pouches: stand up, three side sealed and map packaging. Our products exceed our clients' expectations in terms of quality, functionality and safety. With these advanced features we are not only able to satisfy our customers but also delight them at the same time.

Shako Flexipack Private Limited (Shakoflex) is the leading manufacturer of Flexible Packaging Products with fully integrated infrastructure to provide value-added products and services, offering customised and stock packaging solutions to suit most stringent and aesthetically challenging needs of various industries.

Shakoflex from being a supplier for cap-sealing manufacturers, now is a fully and vertically integrated supplier of Container Sealing Products commonly known as Induction Heat Seal Liners & Wads as well as Heat Seal Foils & Films.
