About Us

Established in the year **2016**, we **Shakti Water Park And Resort** are the manufacturer of Pendulum Water Slide, Boomerange Water Slide, Body Slide Water Ride, etc. Designed by the use of excellent quality inputs, these are available in several designs as per the exact requirements of our customers. Our primary objective is to provide appropriately developed and safe playground equipment, which offers children a good positive experience in the environment. Equipped with the best infrastructure and technology, we provide quality innovative products at economical prices.

Our clients have often remarked positively on our ethical and transparent business policies and dealings. Moreover, for the hassle-free production process, we have segregated our infrastructure facility into different departments that are manufacturing unit, quality controlling unit and R&D unit. For this, our facility has been equipped with modern machinery and equipment. This effort has now enabled us to offer our clients the widest range of well designed and safe playground equipment.

Under the headship of our mentor **Mr. Yuvraj**, our organization is moving ahead in this cutting-edge competition. He keeps a strict vigil on the performance level of the employees and provides necessary guidance.
