About Us

We are a wholesaler of Bastar Art (Dhokra Art) figurines, masks, wall accents, items of utility, wall frames, and Mementos. Our Bastar art products are arduously handcrafted in a unique 13-step process, known as the Lost wax casting technique. Hand painting is done if it is required for the product and finishing can be antique or traditional.

The crafts are made using Brass metal. We believe in providing quality crafts for establishing long term business relations and customer satisfaction. We are based out of Raipur, Chhattisgarh which is one of the most trusted and thriving centres for this art form.
