## About Us

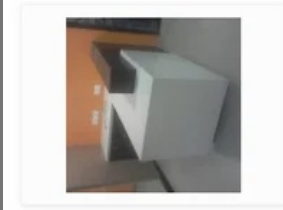

Shark solid surfaces as *AN ISO 9001:2008* Certified Company. Shark solid Surfaces acrylic polyester material offer innovation in modern design and flexible sheet sizes design as durable solution for residential and commercial projects. Shark Solid Surfaces is the ideal material for commercial applications because of its beauty, durability, aesthetics, design flexibility, and color choices. With unlimited design possibilities that are hard wearing, long lasting and will stand the test of time, this material offers unrivalled product performance. Whether being used in a domestic kitchen or meeting room or commercial projects as malls, hospital, shop interior in hotel, retail. The design capabilities are endless. Shark material has premium product special that stacks up against any other solid surface brand for performance and design scope and can be cut shaped, moulded, routed. Shark solid Surface material are exceptionally hygienic, non porous, resistant to stain, durable, water and fire proof. It is easy to clean and maintain. Shark solid Surfaces research and development has created products that push the expectation of surfacing, providing the rich appearance and feel of ivory. Today Shark solid Surfaces have established themselves as an attractive, cost-effective and easily installable product and their leadership role in sustainable and innovations. In this no one better than Shark Solid Surfaces.
