

# Sharma Industries Private Limited

<https://www.indiamart.com/sharmaindustries/>

We are the Manufacturer and exporter of all types of stone handicraft, bathroom accessories, zardosi handicrafts, carpets, durries and rugs etc.

## About Us

However, as artisans we love to stay as puritans in our approach of design but never hesitate to adopt new trends and techniques. To meet the demands of our most discerning buyers dotted across the globe, we draw inspiration from rich and exuberant cultures of the world, making rugs, which complete in prices and survive fashion trends. Weaving and design talents we nurture, have tremendous sense of colour and style forecasts. Having right sync with their counterparts abroad, helps them in hitting the season with the colours and styles, which sell.

Our headquarters at Agra remain abuzz with development activity based on constant feeds from the buying countries and this helps us in keeping our product line trendy and supply schedules faultlessly on time.

Apart from the accolades and appreciations we get from our buyers, our business and craft is regularly appreciated and awarded by our government too. This boosts our morals and raises people's expectations about us, which we love to fulfil year after year.
