Shine Fibres Inc. is a supplier and importer of waste paper of all kinds. We import waste paper, compress it, and offer the paper to various customers. We are known for accepting good quality paper.

About Us

Shine Fibres Inc. is a leading name in the manufacturing of **Insulating Press Board, Insulating Craft Paper, Interleaving Kraft Paper, Insulation Pre Compressed Pressboard**. We have good industrial process machines that we use to sort, compress and make good grade recycled paper. We were established in **2010**.

Though we were established recently, our founder **Mr. Rajive Dutt** has already taken this company to great heights. He has 15 years of valuable experience in this industry, which is helping us to gain wide-ranging acceptance and a large clientele. Our company accepts only the best quality waste paper that meets international standards. For this our quality auditors conduct a testing of each consignment before we accept it.

We have a record of great customer service. We believe that success will follow if we are customer-centric and serve our customers with whatever they are looking for. To this end, we accept easy payment modes. We are known for innovative product designs and high quality of paper offered, as well as for cost-effectiveness and timely delivery. We also serve the community by adopting the policy of recycling as our main goal, thus making us a socially responsible company.
