SHOGINI TECHNOARTS PVT. LTD. was established in 1979 with the aim of producing professional grade Printed Circuit Boards. The Company has registered a consistent growth over the years and ranked among top three manufacturers in India.

About Us

SHOGINI TECHNOARTS PVT. LTD. was established in 1979 with the aim of producing professional grade Printed Circuit Boards. The Company has registered a consistent growth over the years and ranked among top three manufacturers in India.

SHOGINI is ISO 9001-2008 certified & UL approved 'PRINTED CIRCUIT BOARD' manufacturing company from Pune (India).

The plant is located in Pune (India), 150 Kms from Mumbai on 32,000 sq.mtrs. of land with 20,000 sq.mtrs. of built-up area for Production.

A separate plant of 6000 sq. mtrs. floor area is constructed for 'Quick Turn Around' prototypes, Single side and Metal Clad PCBs.

With state of the Art-technology, SHOGINI produces PCBs from single side to eight layers with total annual production capacity of 200,000 sq.mtrs. Metal Clad PCBs are manufactured for LED lamps, Street lights and Automotive applications.

Head office of SHOGINI is in Pune & Sales branches in Mumbai, Bangalore, Delhi, Hyderabad, Baroda & Kolkata.

SHOGINI Supplies PCBs all over India to many satisfied clients & also exports to USA & Europe.

With dynamic leadership & innovative team of young technocrats, Shogini has envisaged a consistent growth since inception. High Business ethics, dedication of employees & thrust for excellence has helped SHOGINI to achieve the status of 'MOST PREFERRED' PCB Supplier amongst its valued customers.
