We are one of the leading solution provider in design, manufacture, supply and installation of **PRE-ENGINEERED BUILDING, STEEL And CEMENT SILOS, ROADS & ECO FRIENDLY BRICKS.**
About Us

**Stellent Infratech Private Limited** uses high quality, high grade, pre coated Galvalume Steel as the basic raw material. The panel forming and installation is a 100% on site process. The mobile panel forming units (roll-forming/panel fabrication equipment) along with crane, seaming and other equipments are transported to project sites with required manpower, enabling panel forming and installation instantaneously.

This nature of the process allows high speed operations, bringing substantial benefits where time is a crucial factor. Precisely, the advantages of this new age technology are many and favorable for the industry.

- Since the inception of Stellent Infratech Pvt. Ltd. Company has evolved the different techniques from all over the world.
- With the brand name Shoora Company is committed towards promoting exchange of new cutting edge technologies from all over the world, to provide a new dimension to the Infrastructure sector through value creation for our stakeholders and a clear path focus on sustainable development.
